**RE: ADDENDUM TO PROPOSAL FOR REVISIONS TO SPECIFICATIONS
PER USDA & NJEIT REVIEW
WATER SYSTEM IMPROVEMENTS – NEW ELEVATED WATER
STORAGE TANK
S&A PROPOSAL NO. 2013-22C
S&A FILE #C100A-03**

Dear Mrs. Miller:

Sickels & Associates, Inc. (S&A) is pleased to present this estimate for revisions to plans and specifications based on the review of Avo Kart, PE for USDA and the follow-up review by Grace Christ of the NJEIT. Additional revisions to the paint and steel construction specifications are also needed, as there are new standards for elevated water towers since the project was first designed.

Our previous estimate from May 13, 2013 did not include review comments from USDA or NJDEP for revisions to plans and specifications previously prepared per EIT funding guidelines.

We estimate we will need an additional \$3,902.50 in staff time to complete the above tasks. This fee does not include printing charges for approximately seven (7) sets of plans and specifications for resubmission. The specification alone is a 3 volume set. We estimate printing to be approximately \$1,050.00.

We have enclosed two (2) signed copies of this proposal. If you concur with our Description of Services and Consulting Fee, please execute one copy as our formal authorization to proceed and return same to our office.
