pick up you snowman pre-form.**

Paid \$ _____

Borough of Clayton's Annual Snowman Contest

Listed below are guidelines and suggestions for your Snowman.

- Snowman base must be purchased from Clayton Special Events for \$15, which is due with your registration form. Cash or check payable to Borough of Clayton - Special Events. Or you may use your snowman from last year but registration form is still required.
- Your Snowman can be picked up at Clayton Borough Hall when you register or as soon as available.
- Everyone will have the same shape and size snowman which will consist of 3 circles attached to a 1" x 3" board. Dimensions are as follows: 5' 3" tall, bottom circle 24", middle circle 21" and the top circle 18".
- No self-made Snowman form will be accepted; every snowman must start with the same base. But please be as creative with your theme as you would like!
- Keep in mind your snowman will be visible to the public and people of all ages. The goal is to have a family friendly and fun activity for everyone to participate and see. Sexuality, profanity, political or overly graphic displays are not permitted. Any snowman deemed offensive will be removed by the Clayton Borough.
- Your snowmen will be out in the elements for up to 5-6 weeks. Construction of your snowman should be durable to withstand wind, rain and snow.
- All accessories must be securely attached to the snowman so they are not found all over our town and streets. Tip: Hot Glue does not work in the outdoor elements.
- The back of the snowman should be dressed in some fashion even if just painted white.
- Depending on your assigned location your snowman should face oncoming traffic from the same side of the road. Example: If you get a lamp post that would be on the west side of town (Acme side) then your snowman should face north towards Glassboro.
- You will be contacted after you register to get your placement assigned. Locations will be on a first come first serve basis except in front of store locations that are reserved for them.
- Snowman should include a sign that states the business/family/group name and the title of your creation. Signs can be made out of laminated paper, wood or anything that will hold up.
- The snowmen should be safe to walk by ensuring accessories do not extend in such a way as to be hazardous to pedestrians or parked cars.
- ALL snowmen must be attached to lamp post by zip ties or twine, nothing that could damage the lamp post in anyway.
- It is the responsibility of the snowman owner to remove their display by Saturday, January 16th.
- You do get to keep your snowman! Don't forget if it is in good condition you can use again next year!
